

36° Congreso Nacional Virtual

Centro de Convenciones Virtual ASOCIMANO
Octubre 16 y 17 de 2020

Asociación Colombiana de Cirugía de la Mano

Program

Day	Time	Lecture	Faculty	Country	
Friday October 16	08:30 - 14:00	Registro			
	14:00 - 15:00	Industry Symposium: Challenges in hand trauma- VA technologie.	Dra. Aida García Dr. Jesse Jupiter		
	15:00 - 15:05	Opening Ceremony			
	15:05 - 15:06	Video			
	15:06 - 15:54	Arthroscopy	Moderator: Aída García		
	15:06 - 15:18	Arthroscopic treatment of scaphoid non union.	Dr. Rene Jorquera	Chile	
	15:18 - 15:30	Arthroscopic Treatment of Dislocations & Fractures Perilunar Carpal Dislocations: Is it a reliable technique?	Dr. Martin Caloia	Argentina	
	15:30 - 15:42	Triangular fibrocartilage repair without implants.	Dr. Mireia Esplugas	Spain	
	15:42 - 15:54	Repair of scapofunate tears	Dr. Felix Riaño	USA	
	15:54 - 16:15	Case discusion	Panel		
	16:15 - 16:30	Visit of commercial exhibit			
	16:30 - 16:31	Video			
	16:31 - 18:00	Distal Radius	Moderator : María Cristina Rodríguez	Colombia	
	16:31 - 16:43	Distal Radius classifications, is the X-ray enough to decide the best treatment?	Dr. Fidel Cayón	Ecuador	
	16:43 - 16:55	Arthroscopic tretament of Complex Distal Radius Fracture	Dr. Rene Jorquera	Chile	
	16:55 - 17:07	Management of complex DRUJ injuries associated with Distal Radius fractures	Dr. Brian Adams	USA	
	17:07 - 17:19	The rationales and indications of Dorsal Bridge Plate fixation for complex distal radius fractures.	Dr. Peter Rhee	USA	
	17:19 - 18:00	Case Discussion	Panel		
	18:00 - 18:01	Video			
	18:01 - 19:00	Social Break.			
	08:30 - 08:58	Research papers	Moderator: Dr. Andres Arango	Colombia	
	08:30 - 08:37	T101: Axillary approach in the brachial plexus for neurotization of the axillary nerve with the first branch of the Radial Nerve and relation with the axillary motor branch via the posterior route	Dr. Raúl Ernesto González	Colombia	
	08:37 - 08:44	T102: Anterior approach for complex phalanx hand fractures	Dr. Hugo Serrato	Colombia	
	08:44 - 08:51	T103: Use of intraoperative neuromonitoring (IOMM) in reconstruction of the brachial plexus at Hospital de San José (HSJ) and Hospital Infantil de San José (HSJ)	Dr. Diego Alarcon	Colombia	
	08:51 - 08:58	T104: Implementation of telemedicine in the rehabilitation of patients with hand pathology	Dra. Laura Gutiérrez	Colombia	
	08:58 - 09:00	Video			
	09:00 - 10:45	Módulo Brachial Plexus	Moderator: Dr. Elkin Lozano	Colombia	
	09:00 - 09:12	Historical perspective of brachial plexus injuries in 40 years	Dr. Michel Merle	France	
	09:12 - 09:24	Can we recover the hand function in total brachial plexus injury?	Dr. Alain Gilbert	France	
	09:24 - 09:36	Thoracic outlet syndrome	Dr. Rafael Reynoso	México	
	09:36 - 09:48	Free Gracilis transfer in brachial plexus injuries	Dr. Alexander Shin	USA	
	09:48 - 10:00	Robotic surgery in brachial plexus injuries	Dr. Philippe Liverneaux	Francia	
	10:00 - 10:45	Case discussion	Panel		

Saturday October 17

10:45 - 11:00	Visit of commercial exhibit		
11:00 - 11:01	Video		
11:01 - 12:30	Peripheral nerves and compression syndromes	Moderator: Dr. Julián Suárez	Colombia
11:01 - 11:13	Compression of the ulnar nerve at the elbow	Dr. José Vicari	Venezuela
11:13 - 11:25	Controversies about compression of the ulnar nerve in the elbow	Dr. Rafael Reynoso	México
11:25 - 11:37	Recurrent carpal tunnel syndrome.	Dr. Christian Loubiès	Chile
11:37 - 11:49	Radial nerve injuries	Dra. Fernanda Espinosa de los Monteros	México
11:49 - 12:30	Discusión de Casos	Panel	
12:30 - 13:30	Industry symposium: Surgical decisions in complex elbow injuries	Dr. Jaime Forigua Dr. Hernando Canal	
13:30 - 14:00	Visit of commercial exhibit		
14:00 - 14:22	Research papers	Moderator: Dr. Andres Arango	Colombia
14:00 - 14:07	Selective immobilization after flexor tendon repair	Dr. Omar Gallo	Colombia
14:07 - 14:14	T107: Anatomical description of the motor branches of the radial nerve in a Colombian population. Cadaveric study	Dra. Ana María Fernández	Colombia
14:14 - 14:21	T108: Anatomical description of motor branches of the median nerve in a Colombian population. Cadaveric study	Dr. Pablo Jiménez	Colombia
14:21 - 14:22	Video		
14:22 - 15:45	Microsurgery	Moderador Dr. Carlos Torres	Colombia
14:22 - 14:34	The orthoplastic approach to upper extremity care	Dr. Scot Levin	USA
14:34 - 14:46	Possibilities of microsurgical coverage of the post infected upper limb	Dr. Heinz Herbert Homann	germany
14:46 - 14:58	Tips for microsurgical reconstruction of bone defects	Dr. Camilo Romero	Colombia
14:58 - 15:10	Versatility of the Cerf Volant flap in hand coverage	Dr. Ricardo Galán	Colombia
15:10 - 15:22	Complex Wound Coverage	Dr. Luis Eduardo Nieto	Colombia
15:22 - 15:45	Case discussion	Panel	
15:45 - 16:00	Visit of commercial exhibit		
16:00 - 16:01	Video		
16:01 - 18:00	Elbow	Moderator: Dr. Carlos Arroyo	Colombia
16:01 - 16:16	Elbow instability	Dr. Jorge Orbay	USA
16:16 - 16:31	Proximal ulna fractures	Dr. Pedro Labronici	Brasil
16:31 - 18:00	case discussion	Panel	
18:00 - 18:10	Closing ceremony
